

Logitech®

Wireless Headset H600

Cut loose from your PC with wireless audio for your calls and music

- Plug and forget
- Loud and clear
- Unleashed audio
- Power play
- Feeling good

Logitech® Wireless Headset H600. Cut loose from your PC with wireless audio for your calls and music. Just plug the tiny nano receiver into a USB port—and forget about it. Laser-tuned drivers minimise distortion, so you can enjoy clear calls and stereo sound, while a noise-cancelling microphone reduces background noise. You're not chained to your desk—move up to 10 metres (33 feet) away from your computer. The six-hour rechargeable battery lets you listen and chat longer, while an adjustable headband and ear cups keep you comfortable.*

* Actual wireless range and battery life will vary with use, settings and environmental conditions.
