Japanese Excellence
For Over 100 Years

Perfect for the home or small office.

At Brother, we know the importance of having a user-friendly, multi-functional printer that is affordable to run and passes the test of time.

Throw in ink capacity of up to 6500* pages and you've got a printer that's a perfect fit for busy households and small offices.

Brother latest line up of inkjet printers with ink tank system are packed with features, not only to make your life easier, but to help you save money too - without any compromise on print quality.

Comprising of 4 models, each with their own individual features, the new and improved ink tank system printers range presents convenient, durable and affordable options for the home or small office.

Affordable reliability

Each machine within the range boasts Brother's ink tank refill system which holds yields up to 6500* pages.

This straightforward system which utilises high capacity, genuine Brother ink bottles, as opposed to traditional ink cartridges, will help you to achieve high print volumes whilst reducing the regularity of ink replenishment and, most importantly, your cost per page.

What's more, in the box with each machine you'll receive the full line up of ink bottles, with 3 of the 4 machines coming with a second 6500* pages yield black ink bottle!

Refill Easily & Accurately

Brother's Refill Tank System features a transparent cover that allows for easy front access to the embedded ink tank. The user-friendly design is engineered to minimise the risk of mess and leakage.

*Quoted approximate yield is based on Brother original methodology, using industry standard test charts to calculate page yields. Refers to black ink only. Cyan, magenta and yellow p

Print at Full Speed

With a document print speed of up to 12/10 ipm^, Brother machines speed up your workflows so you can do more in less time. From printing professional reports to outstanding brochures, you can confidently create powerful business materials that will make the right impression.

Multiplying Productivity

Featuring a 4.5cm user-friendly LCD screen* and keypad, you can browse menu options at a glance and easily navigate print settings. Print files or scan to a USB device without the need to connect to a PC.
*Selected models only

150 PAPER TRAY   **80** MULTI-PURPOSE TRAY   **20 SHEETS AUTO DOCUMENT FEEDER**

Handle Tasks Efficiently

Handle a variety of print jobs with a 150 sheets paper tray adjustable for different paper sizes and a 20 sheets Auto Document Feeder that allows for convenient scanning, copying and faxing. What's more, the multi-purpose tray holds up to 80 sheets and provides support for various paper weights, so you can breeze through print jobs.
*Selected models only

Print from Anywhere

With flexible connectivity options, our printers are designed to suit all work environments. Built-in Wi-Fi and Ethernet networks allow your entire workgroup to effortlessly share one device. Plus, they'll enjoy the convenience of printing wirelessly from desktop PCs, laptops, mobile or tablets.
