Add wireless storage to your smartphone or tablet

The SharePort Go adds portable, wireless storage to your iPhone, iPad and Android devices, giving you more capacity for your favorite media. Just plug in a USB drive to instantly access and share your favorite movies, music, and photos – it's that simple!

Transform any internet connection into a Wi-Fi hotspot

Create a Hotspot from any existing wired or wireless connection – perfect for weak hotel room signals!

Charge and go!

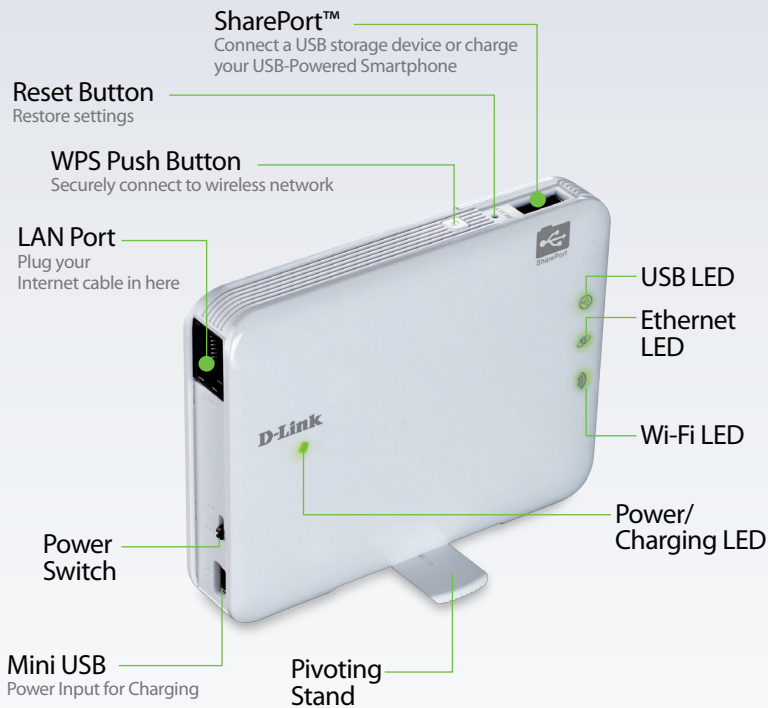

Charging your SharePort Go is fast and easy. Simply plug it into your PC or laptop's USB port; or, use the included USB cable to connect using a standard USB power adapter, like the one you use with your iPhone or Android devices. The SharePort Go will even charge your Smartphone so you can leave the messy wires and cables at home.

Stream your media and add mobile device storage with free SharePort™ Mobile App

- Just plug in a USB drive to stream media and add storage to your mobile devices⁶
- Charge and Go – Take it anywhere
- Charge your Smartphone
