○ PRODUCT PARAMETERS ○

Brand: GOLF **Color:** Gold/White/Red

designation: Thunder sync cable **Wire core:** Tinned copper

Model: GC-40i **function:** Data transmission & charging

Current: 2.4A **Material:** Aluminum alloy + elastic braided material

Line length: 100CM **interface:** Lightning USB

Safe current distribution to protect the battery

2.4A rapid charge, safe and effective
preventing the battery against the
damage caused by rapid charge

Anti-wrap material

Elastic braided material, resistant to pull, anti-winding, effectively improving the service life

Elastic braided material, resistant to pull, anti-winding

Both ends of the cable with a spring shell, effectively preventing against the damage caused by twist, greatly improving the service life

Standard connector, fully connected

Standard Apple connector to meet your data transmission and charging needs for digital products

STANDARD ANDREWS CONNECTOR TO MEET YOUR DIGITAL PRODUCT DATA TRANSMISSION AND CHARGING NEEDS

Comprehensive compatible high-speed transmission

Compatible for Apple port perfectly, charge and transfer,
charging efficiently.

Transmission speed
faster by 40%

Pure copper wire core + 2.4A fast charging

Stable conductivity, Charging faster
and much safer

Charging and transmission two in one

2.4A output, quick charging and transmission,
Improve the efficiency and save time
