

Seidon 240P

The Seidon 240P is the latest AIO watercooler that boasts an excellent value for performance. The compact 240mm radiator fits in virtually every case. Thanks to dual Jetflo fans designed for high air flow with shining blue LEDs, Seidon can unleash a powerful cooling storm at your command. Durable FEP Tubing provides the advantages of nearly no moisture absorption, high thermal stability and high pressure tolerance which all contribute to a long operating life.

Product Features

1. Factory filled with coolant, then sealed and pressure tested - requires zero maintenance for years.
2. Highly optimized pump and water block guarantees the best water flow and system performance.
3. Specially designed 240mm radiator provides superior heat dissipation and fits in almost any case internally and externally.
4. Dual 120mm Jetflo fans with a wide RPM range to fine tune and balance fan noise and performance.
5. Applied micro channel technology for the best cooling performance
6. Blue LED indicator lights up when it is operating

Package Information

EAN Code	4719512052952
UPC Code	884102029066
Package Dimensions	265 x 135 x 268 mm
Carton Dimensions	587 x 576 x 364 mm
Unit / Carton	8 pcs
Carton / Pallet	24

Specification

CPU Socket	Intel® LGA socket 2011-v3/ 2011/ 1151/ 1150/ 1155/ 1156/ 1366/ 775 AMD Socket AM3+/ AM3/ AM2+/ AM2/ FM2+/ FM2/ FM1
Main System Dimensions	62 x 62 x 36.4 mm (2.4 x 2.4 x 1.4 inch)
Radiator Dimensions	273 x 120 x 27 mm (10.7 x 4.7 x 1.1 inch)
Radiator Material	Aluminum
Fan Dimensions	120 x 120 x 25 mm (4.7 x 4.7 x 1 inch)
Fan Speed	800 ~ 2000 RPM (PWM) ± 10%
Fan Airflow	95 CFM ± 10% (MAX)
Fan Air Pressure	2.75 mmH2O ± 10% (MAX)
Fan Life Expectancy	40,000 hours
Fan Noise Level	12 ~ 35 dBA
Fan Bearing Type	Rifle bearing
Fan Connector	4-Pin
Fan Rated Voltage	12 VDC
Fan Rated Current	0.42 A
Fan Power Consumption	5.04 W
Pump Life Expectancy	70,000 hours
Pump Noise Level	< 23 dBA
Pump Rated Voltage	12 VDC
Pump Power Consumption	3.6 W
Warranty	2 years

Make It Yours.

Factory filled with coolant then sealed and pressure tested - requires zero maintenance for years.

Precision machined Microchannels maximize the water contact surface too quickly dissipate heat.

The best optimization pump and water block guarantees the best water flow and system performance.

Dual Jetflo fans to increase the performance

The FEP tubing allows maximum, unrestricted waterflow and decreased evaporation rate for greater durability

Elegant Blue LED illumination on the top of water block
