## 20th anniversary limited edition

T171 is the 20th anniversary limited edition USB drive from Team Group. For all these 20 years, Team Group has been providing the best storage products with complete data protection and outstanding eye catching design to our consumers insistently. T171 is a milestone that symbolizes Team Group's insistence on product perfection. The metallic body is as strong as Titan the Giant. It's durable and be able to endure any harsh environment and still offer perfection and unbreakable protection for user's precious memory and data.

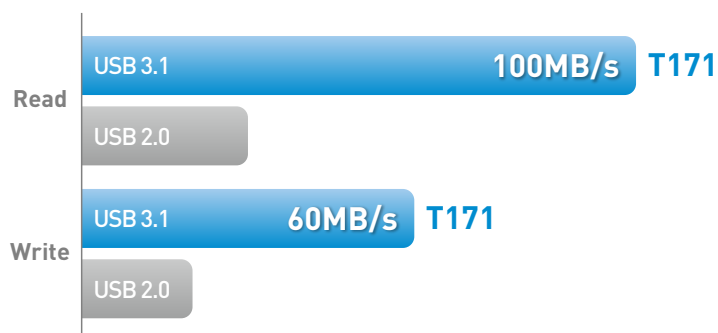

## 4 unbreakable protections

T171 is a metalwork product made from one whole piece of stainless steel and processed through high precision CNC lathe machining. The design concept is to make full use of stainless steel metal characteristic of toughness, and mix it into the design of cylindrical structure. It completely passed our strict laboratory inspections, and four rigorous tests including: water proof, dust proof, shockproof and high pressure resistance. T171 protects precious information valiantly like Titan the Giant, and offers our consumers a complete protection.

## Fascinating design with trendy style

Multiple design concept is presented in the product design. The T171 is the perfect combination of its two centerpieces "Easy hand held design" and "Aesthetics of metalwork". In addition, for showing the unbelievable characteristics of stainless steel, power, practical functions, low key style and elegant surface with matte finish is abrasive blasted with features like anti-scratch and anti-fingerprint. The metal texture of T171's stainless steel body and the genuine leather band design create a modern trend of USB drive. The leather band turns it into a personal fashion accessory that is easy for user to carry around, high quality and practical to use.

## Finger-snapping fast high speed transfer

T171 is using USB 3.1 Gen1(USB 3.0) transfer interface, which is the new generation of USB specification. Apart from the same easy-to-use USB technology of the last generation and features of plug and play, the performance is enhanced 10 times better and power management is also improved. USB 3.1 Gen1 only takes 6 minutes to finish saving a 50GB Blu-ray Disc, which is 8 times faster than the traditional USB 2.0.

## A capacity that is big enough to store everything

With ultra large 128GB capacity, T171 can store up to 3200 photos (12MP) and 480 minutes of video (1080P, 30fps). It can satisfy the needs for high speed transfer and multimedia file storage, and also suitable for daily use at work, at home or at school. It offers plenty of space for large digital files such as movies, high resolution images, music, etc. and makes file sharing much easier than ever before.

## Main Feature

- ☐ 20th anniversary limited edition
- ☐ USB 3.1 Gen1 (USB 3.0) high speed transfer
- ☐ Military grade waterproof and dustproof
- ☐ Pressure resistance up to 1,000Kgw

## Specification

Item	Specification
Model	T171
Interface	USB 3.1 Gen1 (USB 3.0)
Capacity	128GB*
Data Transfer Rate	Read: up to 100 MB/s ; Write: up to 60 MB/s**
Color	Metallic
Voltage	DC+5V
Weight	47.5g
Dimensions	70 x 15Ø mm
Operation System	Windows 10 / 8 / 7 / Vista, MAC OS 10.4 or later, Linux 2.6.33 or later
Warranty	Lifetime warranty

\*1GB=1,000,000,000 Bytes. In OS system, it would be displayed as 1,000,000,000 Bytes / 1024 / 1024 / 1024 = 0.93GB

\*\*USB 3.1 Gen. 1 (USB 3.0) Device with USB 3.1 port is required in order to achieve USB 3.1 Gen. 1 (USB 3.0) performance. Transmission speed will vary according to different hardware / software conditions, therefore the data can only used for basic reference.
