3 in 1

USB3.1 Type C Hub

USB 3.1 Type-C to HDMI | USB 3.1 Type-A Gen1 | Power Delivery

USB-C port supports charging and doubles work efficiency with nonstop power supply
No matter if you are using Apple's New MacBook or Google Chromebook, with WT01's latest generation of USB Type-C port interface, you don't have to worry the USB-C interface is occupied anymore. WT01 allows user to transfer data and enjoy fast charging at the same time.

HDMI video output interface. Easily enjoy high video quality entertainment experience
Whether if you need to work on a briefing on a proposal, or watching TV series for relaxation after work, all you have to do is connect the computer monitor or a big TV screen at home throug WT01's HDMI interface, then you are set to enjoy the high definition video entertainment experience.

4K

USB2.0   **USB3.1**

Support USB3.1 Gen1 5G bps super speed, saving your valuable time

Consumers don't have to worry about not having The interface of USB-A/F , USB-C/F that both support USB3.1 Gen1 super speed, faster than USB2.0 10x transferred bandwidth. When you do a lot of data transfer on your laptop, it will be more quickly and efficiently.
Three in one, highly efficient multitasking function

Consumers don't have to worry about not having enough output interfaces on their personal New MacBooks anymore. When presenting a proposal, Type-C can still charge your device at the same time; Type-A can transfer, access data and expand the storage capacity of the USB drive. HDMI can present the content of your briefing on a big screen. WT01 is a must have for people who want to make professional presentations.

**Unibody aluminum alloy design with reinforced braiding cable**

The overall unibody design is both sleek and eye catching. There are two low key colors available, Space Gray and Galaxy Silver. Besides the aluminum texture and the sturdy braiding cable, it is also lightweight, compact and easy to carry around.
No driver or extra add-on battery needed. Plug and Play

No driver or extra add-on battery needed for WT01. Plug and play with double-sided Type-C connector. Hot plug function allows you being able to unplug it at any time without waiting. A better work efficiency brings an easy and simple digital mobile lifestyle to users.

Dimensions

7.5cm

3.8cm — 13.7cm

Interface

| USB Type-C port (for charging) | HDMI output | USB 3.1 Gen1 Type-A port | USB-C |

Main Feature

☐ 3 in 1 Type-C Interface application to Type-C with PD, USB-A, HDMI output

☐ USB-C port supports PD(Power Delivery) function & VESA DisplayPort Alt Mode Compliance

☐ HDMI port supports video resolution up to 4Kx2K@30Hz/1080P@60Hz

☐ USB3.1 Type-A Gen1 port supports downward compatible with USB 2.0/1.1 accessories

☐ Support USB3.1 Gen1 super speed, rates up to 5G bps transmission

☐ Support multi-port work with PD charger, Transfer Data, Display function simultaneously

☐ Integrated design with Aluminum shielding case, reinforced braiding cable technique

☐ Plug & play, no driver and extra battery needed

Specification

Item	Specification
Model	WT01
Interface	USB-C/F 3.1 Gen1, USB-A/F 3.1 Gen1, HDMI 1.4/F
Dimensions	17(L)*7.5(W)*1.5(T) cm
Weight	Appr. 50 g
Color	Space Gray / Star Silver
Material	Aluminum shielding case & Nylon braiding cable
Warranty	1 Year

Noted: This warranty does not cover any malfunction caused other than the factors related to the product itself.
